

Villa Margherita, The Charming House, a fusion of Italian charm and a historic colonial building. With its few double rooms, with most of them having a private lounge area, The Charming House offers seclusion and personalized service. All the rooms offer a flat screen TV, safe, hairdryer and free wireless internet connection with personal laptops available shortly.

The honeymoon suite, nestled within its own private garden and situated across the road for extra privacy, is an ideal retreat for lovers.

On a pre-booking basis only, Villa Margherita's in-house restaurant, Il Tulipano, will tantalize with mouth watering cuisine and a great selection of wines.
